Subject to the terms of this agreement, the Licensor hereby grants you the Licensee, a non-exclusive, non-transferable, free license to use the Program under the following conditions:

- 2.1. Nothing in the foregoing shall be understood to grant a license for the Licensee to use the Program in any other manner than as set out in Clause 2.1 or to sub-license the Program.

3. RESTRICTIONS

- 3.1. For the avoidance of doubt the Licensee acknowledges and agrees that it is not licensed hereunder to:
 - 2.2.1 distribute the Program to any third party; or
 - 2.2.2 modify or create derivative works of the Program without the express written consent of the Licensor; or

- 3.4. Software may contain or be provided with components that are subject to the terms and conditions of “open source” software licenses (“Open Source Software”). If Licensee use of the Software subjects Licensee to the terms of any license governing the use of Open Source Software, then information concerning such Open Source Software and the applicable license must be incorporated or referenced in the Standard Contract Listing or Documentation. To the extent required by the license to which the Open Source Software is subject, the terms of such license will apply in lieu of the terms of this Agreement with respect to such Open Source Software.

For example, no right, title or interest in or to any patents, trademarks, service marks or trade names of the Licensor is granted under this Agreement.
- 4.4. The Licensee acknowledges, and warrants the understanding, that use of the Programs for third party validation purposes, under a re-sale, lease or lend mode, commercial or non-commercial, is explicitly prohibited under the terms of this EULA. Violation of this clause will immediately void the license to use Programs and render Licensee liable for damages.
- 4.5. The Licensee retains all ownership and intellectual property rights in and to Licensee's data.
- 4.6. If Licensee provides any indirect or direct suggestions, ideas, enhancement requests, recommendations or feedback regarding the Licensed Materials or Support Services, ("Feedback"), Licensor may use and incorporate Feedback in Licensor's products and services.
